

# High Court of France Finds Caillaux Guilty

Placed Political Ambitions Higher Than Interests of France

## Sentence Will Be Light

PARIS, April 22.—(By The Associated Press)—Joseph Caillaux, former premier of France, and twice minister of finance, was tonight convicted of having placed his personal political ambition during the war higher than the interests of the country that honored him and gave him birth. Caillaux, while escaping conviction for high treason was found to have been recklessly imprudent and very close to treachery in his interpretation of the verdict of the court of commerce and correspondence with the enemy, rendered today against him by the French senate. This is the first verdict of the sort rendered in any of the allied countries since the war began, "commerce," as interpreted by the senators who were the judges meaning commerce by means of common ideas while "correspondence" in this particular case is employed in the sense of association.

The senators entered Luxembourg Palace this afternoon with the determination to have finished with the affair which has taken up their time for three months. They began the discussion in a serious, businesslike manner, presenting a strange contrast to their bored attitude during the closing days of the trial.

The ballots followed one another with great rapidity. Partisans of the former premier were thrilled with joy and hope when the treason charge was so promptly eliminated, confidently predicted acquittal and began to apportion among themselves the port folios in the cabinet which Caillaux was expected to form within six months after his release.

When they attempted to have the senate refrain from establishing itself as the highest constitutional authority with power to find the accused not guilty as charged but guilty of a lesser offense, their enthusiasm waned.

The doors of the deliberation chamber were closed almost hermetically sealed. But occasionally a disheveled perspiring senator would rush out of the chamber and make a direct line for the senate hall, where he was immediately surrounded by correspondents offering to purchase for him the best vintages in France if he would only talk.

At times the noise—shouts and ringing of bells—heard within the chamber was deafening. It seemed on several occasions as if the deliberations might degenerate into a free-for-all fight.

The verdict may mean a sentence of five years' banishment for Caillaux which may, however, be diminished to one year, according as extenuating circumstances are found. Incarceration in a fortress is another sentence which may be pronounced tomorrow when the high court reconvenes. It was the consensus that the sentence would be light and the twenty-eight months which Caillaux has spent in jail and a sanatorium will be taken into consideration. The former premier's attorneys were disconsolate over the decision and rushed in an automobile to inform M. Caillaux of the verdict. Before they started away however, M. Moutet said to The Associated Press:

"M. Caillaux was convicted not for what he has done, but for what he might do were he allowed to go free."

It seems probable that Caillaux will be condemned to pay the costs of the trial amounting to more than \$60,000 francs.

The crowds around the palace dispersed somewhat sullenly, prodded by gendarmes. Cheers and hisses were about evenly divided but there was no rioting.

The Caillaux case brought to a close with the verdict of guilty on one of the less serious charges on which the ex-premier has attracted wide attention because of the prominence of the principal figure and the circumstances under which he was accused. The prosecution in the case brought forth evidence to show that M. Caillaux, during the war, had been in touch with individuals such as the ex-convict Bolo Pasha known to be German agents or persons who had dealings with the Germans.

Stress was laid on trips he had paid to South America and Italy, in which it was alleged he had consorted with persons whose affiliations were inimical to allied success in the war. M. Caillaux' activities for a long while were under suspicion by the French government but he was still such a political adherent that he was not arrested until Premier Clemenceau was firmly established in power and was preparing for the final desperate struggle of the last year of the war which was to end with an allied victory.

# Big Fight Over Sales Tax to Raise Money for Soldiers' Bonus

Rainey Charges Republicans Are Attempting to Buy Soldiers Votes

WASHINGTON, April 22.—The fight against levying a sales tax to raise part of the money for soldier relief legislation was taken today to the floor of the house. Amid applause of the Democrats, Representative Henry T. Rainey, Democrat, Illinois, charged that Republicans were attempting to "buy the soldier vote, with the promise of a \$1.25 a day bonus."

The applause quickly shifted to the other side when Representative Tinscher, Republican, Kansas, retorted the Democratic espousal of a retroactive war profits tax was designed solely "to catch votes."

Meanwhile Republican members of the army and means committee had agreed tentatively on four forms of taxes, for raising \$1,500,000,000 in the next two years. The sales tax was accepted by these committeemen, added opposition to it was said to have developed, the Republican leaders doubted whether it would be eliminated as a revenue-getting scheme. The three other levies tentatively accepted were a tax on all stock exchanges, transactions equal to the amount of the broker's commission, an additional surtax on incomes probably in excess of \$5,000, and an increase of approximately 15 per cent on existing taxes on cigars and tobacco.

In the absence of a final agreement on the revenue-producing methods, Republicans who had forced the call of a conference for tonight, agreed in conference with the Republican way and means committee to postpone it until April 30, when the complete majority program on soldier relief legislation is expected to be available for discussion.

# CITIZENS PREPARE FOR NEGRO REVOLT

Pittsburgh, Kans., April 22.—Negroes from Crowburg, Kans., a small mining camp, tonight were reported to be marching to Mulberry, Kans., where a negro was lynched last Monday, following an attack on a young white girl. A company with students from the Mulberry State Normal school, went to Mulberry tonight to present a play. M. F. Brundenburg, a member of the company returned with the report that the play was stopped at the end of the first act, following a report that the negroes were marching on the town.

A Mulberry business man reported over long distance telephone late tonight, that the hardware stores had been thrown open to arm the Mulberry citizens on the arrival of the mob. It was later reported that some of the citizens considered the report only a wild rumor, but nevertheless guards have been thrown around the town.

# ANOTHER CHICAGO LABOR LEADER SHOT

CHICAGO, April 22.—Another chapter in Chicago's labor war was enacted today when Edward J. Coleman, secretary and treasurer of the Chicago Excavating, Graders' and Asphalt Teamsters' Union, was shot twice by an unidentified man while in his office in a downtown building. The assailant escaped. Coleman, his physicians said was not expected to live.

Coleman, who refused to divulge the identity of his assailant, was said to have attempted to "expand his organization at the expense of other teamsters' unions. Police are seeking two business agents of the truck drivers union with whom Coleman was said to have quarreled.

According to the police, Coleman was involved in the shooting of G. H. Sammon, business agent of the teamsters' and excavators' union, in 1914.

# PRESCRIPTIONS FOR WHISKEY CUT DOWN

Chicago, April 22.—Physicians, druggists and wholesale liquor dealers, convicted of violating the federal prohibition law, have been placed on a black list. Captain Hubert Howard, prohibition commissioner of Chicago, said today. Those on the list will be prohibited from dealing in liquor. Commissioner Howard also announced that physicians would be limited to 100 whiskey prescriptions every three months, beginning May 15. The allotment now is three times that number.

# JURY FAILS TO RETURN VERDICT

New York, April 22.—The jury in the case of Augustus Drum Porter, indicted for neglect of duty as third deputy police commissioner, after he was alleged to have been found with a woman under compromising circumstances in a raided west side apartment house November 12, last, had failed to reach an agreement at 2:07 a. m., and retired for the night. The jury had deliberated nearly 11 hours.

# PROHIBITION CRUSADER RETURNS FROM ENGLAND

New York, April 22.—William E. (Pussfoot) Johnson of West-erville, O., returned here today from Liverpool on the steamer New York after literally having given an eye to make England dry. The crusading agent of the American Anti-Saloon league was met by a host of prohibition advocates.

# Supreme Council Devotes Day to Turkish Treaty

Control of Constantinople Discussed at Length

## NOTE RECEIVED FROM GERMANY

SAN REMO, April 22.—(Havas) The afternoon session of the council was devoted to the Turkish treaty. After hearing the statement of the Armenian delegation the conference gave Erzerum to Armenia.

The control of Constantinople was also taken up and the project recently advanced from London for a high commission composed of England, France and Italy was considered.

The advance of the Bolshevik forces on Batoum was also taken up. Military experts gave it as their opinion that the Bolshevik troops were too strong for the forces at Batoum, which should be evacuated.

The English and French representatives opposed the suggestion, pointing out that Batoum was indispensable as an outlet from Armenia, Georgia and Erzerum, from which the allies were receiving important supplies of oil and manganese.

Wilson Reservations in Mind. Paris, April 22.—The allied supreme council this morning continued its elaboration of the treaty with Turkey, which, it is believed will be finished today, according to the San Remo correspondent of the Havas Agency.

Having in mind the reservations formulated by President Wilson in his note of last month, the correspondent says, the council decided not to allocate immediately and definitely the Smyrna wedge to Greece.

In view of the fact that the importance of the Mohammedan element, especially since the war, has obliged many Greeks to quit the territory, a plebiscite will be held a few years hence to determine the final disposition of the region.

With regard to the protection of minorities the Ottoman government will be compelled to pledge itself to respect the different beliefs. Every act contrary to neutrality in this respect will be considered a violation of the treaty and may lead a military repression.

The receipt of the German note asking permission for the maintenance of an army of 200,000 minimum strength has produced a deep impression on the members of the council. In Italian and British circles however, it did not seem to cause surprise and even appeared to be favorably regarded.

# CHARGED WITH ILLEGAL POSSESSION OF LIQUOR

MARQUETTE, Mich., April 22.—The three Scalecchi brothers, on trial in federal court on charge of illegally possessing liquors in connection with the "whiskey rebellion" in Iron county, were found guilty by a jury today. In imposing fines of \$100 each, Judge C. W. Sessions blamed McDougall for the fact that the respondents stood convicted.

"I am satisfied you acted on some of his advice and you were both misdirected and misled," Judge Sessions told the brothers, adding to the jury: "Do not believe the evidence in this case shows intentional or premeditated violation of the law, but these respondents have been victims of unfortunate advice."

The judge asserted the notoriety given the Iron River fiasco was the most unfortunate fact in connection with it.

# TAKES OWN LIFE TO FREE WIFE

WALSENBURG, Colo., April 22.—In order to set his 19 year old wife free Dr. K. L. Clock, 57 years old, physician at the Victor-American Mine at Ravenwood, three miles south of here, killed himself today by taking poison.

Dr. Clock explained his action in a note addressed to his wife who is attending a private boarding school in Pueblo. The note follows: "Dearest Catherine: 'I promised you this act but I am breaking it today as I think it is the best for you. I am leaving a check for the balance of my bank account after expense of simple burial. Please have no ceremony. I am at fault for my mismanagement of this affair and ask your forgiveness. I hope to meet you in heaven.'"

The doctor and Mrs. Clock were married a year ago.

# CHARGED WITH MURDER

New York, April 22.—An indictment charging first degree murder was returned by the grand jury today against Thomas W. Simpkin, itinerant printer, who shot and killed Dr. James Wright Markoe, noted surgeon during last Sunday's service in St. George's Episcopal church.

# RAIL LABOR BOARD HEAR CONDUCTORS AND SWITCHMEN'S DEMANDS

Ask for 58 Per Cent Increase  
and Time and Half for  
Overtime and Holidays

WASHINGTON, April 22.—Arguments on the wage increases demanded by conductors and switchmen were made before the railroad labor board today by L. E. Sheppard, president of the Brotherhood of Railway Conductors, and S. W. Heberling, president of the Switchmen's Union of North America. Both cited the rise in the cost of living during the past few years to support the plea for higher wages.

Demand on the switchmen call for increases of approximately 58 per cent, with time and a half for overtime, Sundays and holidays. Similar overtime allowances are asked by the conductors, together with wages sufficient to enable them to live on a pre-war standard. They ask in addition an allowance for expenses when kept away from home.

Final setback to the efforts of the unauthorized strikers to get their cases before the board was given today at the White House, when Secretary Tumulty told representatives of the Yarden's association that President Wilson would not intercede in their behalf as long as they remained away from work.

Heads of the railroad brotherhoods were assured today by Secretary Tumulty that the administration was standing squarely behind the railroad wage board in its efforts to end the present strike and had no intention of intervening to obtain a hearing for the strikers at this time.

The brotherhood chiefs called at the White House because of a report that the president had promised the strikers that he would ask the board to give them a hearing prior to their return.

# IOWA DELEGATION PLEDGES FOR LOWDEN

DES MOINES, Iowa, April 22.—Iowa's delegation with twenty six votes will go to the Republican national convention in June either instructed to vote for Frank D. Lowden for president, or with the endorsement of his candidacy from their respective districts. The state convention unanimously passed resolutions instructing the delegates at large, eight in number, with one half vote each, for Lowden. All congressional districts but the fourth and fifth instructed for Lowden. These two endorsed him.

# WOMAN WILL HANG FOR MURDER OF DAUGHTER

Quebec, April 22.—Mrs. Marie Anne Houde Gagne was found guilty yesterday of torturing and murdering her 16-year-old step-daughter, Aurora Gagne, and was sentenced to be hanged October 1. The girl, after being beaten, burned with a red hot poker and made to walk barefooted in the snow, was forced to drink poison, the evidence disclosed. The post mortem examination of the body revealed 54 wounds.

The defense pleaded insanity.

# OUTLAW RAILROAD STRIKE WILL BE CLEARED UP TODAY

Situation is Reported  
as 80 Per Cent  
Normal

## FIGHT OVER SENIORITY RULE

CHICAGO, April 22.—John Granau, president of the Chicago Yarden's Association this afternoon called a meeting for tomorrow afternoon to clear up the entire situation.

Members of his organization and further "outlaw union" the United Engineers, were invited to attend along with Judge K. M. Landis, John M. Glenn, representing Illinois Manufacturers and General Managers of the railroads.

The railroad situation continued to improve today an announcement by the railroad general managers' association said in reporting that 65 switch engines, 80 per cent of normal, were at work. They also reported that nearly 700 switchmen had returned to work. Livestock receipts were reported as 1,375 cars, or 200 more than received on the corresponding day last year.

The call for the meeting was signed by Granau and directors of the United Engineers' Association, the other outlaw union on behalf of Harold E. Reading, president, who was sent to the Wheaton jail after he refused to give bond. Reading told federal authorities today he expected to be freed in time to attend tomorrow's session. In calling the meeting Granau said he would have no recommendations to make and that any proposal the men may propose will be voted upon by the men.

He added that they would be free to suggest any action desired. Earlier in the day Granau, after a conference with District Attorney Charles Clyne, had announced he was "going home to stay." Granau was released yesterday from jail at Joliet, Ill.

Both Judge Landis and District Attorney Clyne declined to attend the meeting tomorrow, the latter declaring the government's attitude "is the same as toward the meeting of last Wednesday," adding "we are glad to see any effort that will hasten the end of the strike, but we will not tolerate violation of the law."

Fight Over Seniority Rule. New York, April 22.—Coinciding with the reported decision today of several thousand strikers not to return to work the Erie railroad tonight refused to take back 300 "insurgents" who came to the Jersey City yards in a body. The strikers insisted they be given their old jobs without loss of seniority, but the road's officials held to the terms of the ultimatum and informed them their places were open to them only as individuals. Their request refused, the strikers then left the yards.

Railroad officials at various New Jersey terminals tonight declared conditions were fast becoming normal; that suburban train schedules had almost been restored; freight traffic was improving daily and that the men were returning to work in small groups.

The railroad general managers' association reported today it was firm in its stand that the strikers must return as new men and only those acceptable to the roads will be taken back.

J. J. Mantell, the association spokesman says he looks for the strike to burn itself out before the end of the week.

Return to Work in St. Louis. St. Louis, Mo., April 22.—Striking yardmen in the St. Louis district who voted this afternoon to return to work, pending a decision of their wage demands by the railroad labor board, provided their seniority rights were not denied, early tonight reconsidered and revoked the vote deferring action until tomorrow.

# STRAUSE TRIAL ENTERS SECOND PHASE

BLOOMINGTON, Ill., April 22.—The second phase of the trial of Edgar A. Strause of Peoria, for the murder of Berne Meade, Peoria banker, was commenced in the circuit court here today, Judge W. J. Harris of Lincoln presiding. The trial was started March 8 and after it had proceeded for three weeks it encountered a series of delays by the sickness of trial counsel and the illness and death of Judge Sain Welty, the presiding jurist. Doctors who examined the dead banker's body after the shooting were on the witness stand today.

\$15,000 WORTH OF CLOTH STOLEN. Chicago, April 22.—More than 150 bolts of woolen cloth and 12 bolts of silk valued at \$15,000 were stolen from the tailor shop of J. A. Lewitz last night.

The burglar jimmied a window, and carried the loot away in a motor truck.

# PERSHING HONORED

Columbia, Mo., April 22.—Honorary degrees of doctor of laws were conferred on Gen. John J. Pershing and Major Gen. Enoch H. Crowder, both native Missourians, by the University of Missouri at the commencement exercises today.

# MANY MORE STATES JOIN IN REVOLUTION AGAINST CARRANZA

Leaders of Revolt Will Meet  
to Formulate Platforms to  
Make Public Plans

AGUA PRIETA, Sonora, April 22.—The Mexican states of Michoacan, Guerrero, Zacatecas, Tehuantepec and Vera Cruz are in revolution with Sonora against the Carranza government General Elias Calles, commander-in-chief of the Sonora military forces said upon his arrival today. The revolutionary movement also has begun in Nuevo Hidalgo and in three parts of Jalisco, Carranza troops have revolted General Calles said.

Leaders of the revolution according to Nogales advices received today will meet here soon to formulate a platform and make public the plan of the movement. Governor de la Huerta will preside. Fair elections and the rights of states to control their own international problems with out military governorships set up by the central government are the first consideration of the movement he said. Complete occupation of Culiacan by Sonora troops under General Angel Flores was not consummated until last Tuesday General Calles said. Sonora troops previously entered the city, but the main body remained outside until all could enter as a body with their line of communication intact.

The delay he said was due to destruction of bridges and rail ways by retreating Carranza forces. The Carranza troops at Culiacan put up virtually no fight, General Calles said, retreating to Mazatlan the next important objective of the Sonorans.

General Flores already has begun his march on Mazatlan according to General Calles. Four hundred Mayo Indians and two hands accompanied General Calles as far as Naco, 28 miles of here and east in the mountains between Chihuahua and Sonora thru which Carranza forces are expected to force their way into Sonora.

Fifteen hundred troops have arrived here and at Naco in two days. The movement has been so heavy that facilities to care for the soldiers here are insufficient and the men have been forced to camp in vacant lots.

Streets are overrun with soldiers of every description and uniformed in all kinds of clothes, from blankets to gaudy federal uniforms.

The Southern Pacific de Mexico, an American-owned railroad seized by the authorities of Sonora a day before the state seceded, will be returned to its owners whenever the railroad wishes to take over the road and settle the strike of its employees; General Calles said.

Delegates Edward Corlett, of Joliet, and former governor Joseph Filer, of Bloomington, spoke against the amendment.

Harris S. Keeler, director of the bureau of public efficiency of Chicago, appearing before the Chicago and Cook county committee this afternoon, said one of the most important and difficult matters confronting the convention was the limitation of the debt incurring powers of cities.

Mr. Keeler said he did not appear as an advocate of municipal ownership.

He presented a proposition in regard to providing funds for public utilities, which he summarized as follows:

To authorize cities to issue, subject to referendum, bonds in excess of their ordinary debt limit of five per cent, for the purpose of financing income producing local public utilities.

To put the general credit of the cities back of these utilities bonds in order to make them salable at relatively low interest rates.

To make it mandatory for any city owning or operating a public utility to maintain charges for service sufficient to provide funds to cover all expenses for operation, maintenance and to cover all bonds. This would insure against municipally owned utilities being conducted at a loss and against operating deficits being paid out of taxes or other general funds.

The committee on bill of rights has agreed, tentatively, to retain the grand jury system, but to give courts the right to determine whether informations may be filed in felony cases.

At a meeting this evening of the sub-committees appointed to draft an initiative and referendum proposal for submission to the whole committee, a draft prepared by Captain Charles E. Merriam was unanimously adopted. The sub-committee met this afternoon and considered Captain Merriam's initiative and referendum plan, section by section, and tonight agreed that it should be returned favorably to the full committee.

Chairman F. R. Dove, of the I. and R. committee, expects to have the committee ready for the convention within a short time.

# MINERS TAKE UP WAGE SCALE TODAY

PEORIA, Ill., April 22.—Illinois Mine Workers in special convention here will vote tomorrow on the question of accepting the wage scale agreement. A resolution to accept the agreement was introduced this afternoon by Delegate Craig of Baker, but was defeated by a substantial resolution introduced by Delegate Wick of O'Fallon, against the wage scale, occupied so much time that President Farrington announced a roll call on the agreement could not be taken until tomorrow.

William Green, international secretary, addressed the convention today regarding the agreement and spent much time answering questions of the delegates.

# WOMEN TAKE PART IN CONVENTION

WICHITA, Kans., April 22.—Women had a large part in the state Democratic convention here today. Woman delegate and a woman alternate were elected on the "big four" delegates at large and two women also were among the sixteen delegates elected by the districts and confirmed by convention. Three were among the alternates.

The resolution adopted also mentioned woman suffrage and prediction was made on the floor that national suffrage would be a reality shortly.

# CALLED TO CONNECTICUT

Chicago, April 22.—Mrs. Grace Wilbur Trout, president of the Illinois Suffrage association has been asked by the national suffrage body to represent Illinois on the committee that will visit Connecticut, May 3 to 8 to ask that a special session of the state legislature be called for ratification of the federal suffrage amendment. It was announced last night.

# STEPS TAKEN TO HASTEN WORK ON NEW CONSTITUTION

Delegates Hope to  
End Work Before  
Big Conventions

## MEET FOUR DAYS WEEK

SPRINGFIELD, Ill., April 22.—Boiling of the political pot as the heat increases with the approach of the national convention has resulted in the Illinois constitutional convention delegates deciding to end their labors before the big party meetings in June. The convention today adopted an accelerated schedule proposed by Colonel Abel Davis, a Chicago delegate. The program proposed by Colonel Davis and approved by the convention calls for meetings on four days of each week and also for a committee to supervise the calling of committee meetings with a view to preventing several committees meeting at the same hour.

The convention delegates do not desire to continue their deliberations while the presidential campaign is in full swing and they hope by June 1 to have the new constitution practically ready for final adoption.

The convention session today was devoted to a discussion of a plan to incorporate in the new basic law a provision to compel voters to attend the polls. The plan was defeated 49 to 24, after a number of delegates, some for and some against, had expressed their opinions on the merits of the proposal.

The compulsory voting plan was offered by Delegate William Sneed, of Herrin, as an amendment to the suffrage committee's final report, which has been under consideration by the convention in presenting this amendment, Delegate Sneed delivered a lengthy speech in its favor.

Delegates Edward Corlett, of Joliet, and former governor Joseph Filer, of Bloomington, spoke against the amendment.

Harris S. Keeler, director of the bureau of public efficiency of Chicago, appearing before the Chicago and Cook county committee this afternoon, said one of the most important and difficult matters confronting the convention was the limitation of the debt incurring powers of cities.

Newspapers make the announcement that the government's policy toward Mexico, even if the revolt there against Carranza becomes more pronounced, is "hands off." It is hardly necessary to make such an announcement for that has been the governmental policy all thru the years, no matter what the happenings or conditions.

**A DOUBLE BLOW**  
Nebraska took a double slap at President Wilson, for W. J.

Bryan won handily in the contest against Senator Hitchcock and Senator Johnson carried the state on the Republican ticket. The people evidently disapproved President Wilson's stand on the League of Nations and all the strength of the presidential influence could not defeat Bryan. The "Peerless Leader" will therefore be a factor in the San Francisco convention, just as he has been at other national gatherings of his party for years past.

## BELIEVE THOSE STORIES NOW

Last year when they talked about commission men dumping carload after carload of potatoes in Chicago river and told other stories about vegetable crops purchased in Michigan and permitted to rot on the ground, many people didn't believe the statements made. They thought it was wild talk resulting from the high prices which were so displeasing to the public.

Now the doubters are beginning to believe that those stories were true, for they are finding that conditions are being created by commission or middlemen to bring about such a situation that the public can be held

on. There certainly is a remedy somewhere if it can only be found.

## THE PROOF OF ROAD WORK

This is the season of the year when one can observe to the full the effects of road dragging. There are some roads in Morgan county that just now are in fine, passable condition, while there are others that are not at all fit for automobile travel.

It goes without saying that the good roads are those where dragging has been consistently done. Consistently means not only that the dragging has been done regularly but that due attention has also been given to grading and drainage. There are several roads leading into Jacksonville that need immediate attention and these roads are in much worse condition not far from the city limits than they are at greater distances. It is also true that some dragging could be profitably done inside the city limits.

## DISCOURAGING THE USE OF "SPUDS"

One Jacksonville restaurant has a placard reading, "Please don't order spuds." This is in keeping with the Chicago Tribune's recent slogan, "don't buy a Tribune, borrow one." However, borrowing will not do in the restaurant case.

What the proprietor is trying to do is to discourage his patrons from eating potatoes now that the price is so nearly prohibitive. He doubtless finds that buying potatoes at \$8 a bushel and then selling them cooked at the restaurant prices prevailing in Jacksonville is not a profitable business.

Unfortunately human nature is such that the warning sign against potatoes may increase the demand, for it calls attention to the scarcity and will make the average patron think about ordering. This condition reminds that Chicago authorities have found the produce men there charging a wholesale profit of 33 1/3 per cent and prosecutions are promised. There should not only be promises but fulfillment, for present potato prices do not result merely from supply and demand. Somebody has a corner on the market.

## THE AMERICAN LEGION PROGRAM

The membership campaign for the American Legion will open in earnest May 2, America Day, with services in the churches. Then

will come an active period all thru the state in accordance with the plan mapped out by Milton J. Foreman, state commander. It is paign will result in a greatly increased membership for the legion, as all ex-service men are familiarized with the purposes of organization and the program that it is hoped to carry out.

While the legion purposes in a broad way to foster loyalty and to build up the American spirit, it will not be insensible to the rights of the service men or to the debt that the country owes them. It is not a reflection upon the legion that an effort is being made to have the government provide some fitting reward for the ex-soldiers. If these former service men are not interested in the project on their own behalf, certainly others could not be interested in any large way. The organization will not likely propose any program which is radical or which will make too large a demand upon the financial strength of the nation.

Potatoes.

Today I bought a peck of spuds, my hungry form to fill; I had to soak my Sunday duds ere I could pay the bill. I paid as much to buy a peck as once a bushel brought; and so I wept and cried "By Heck," and drank a williewaught. I drank a horn of Adam's ale, my spirit to revive; for how can one dig up the kale, and keep his pep alive? They say we run to luxuries, when we a-shopping go for costly meats imported cheese, our hard earned bucks we blow. "Eat simple fare," the wise men say, "cut the rich and fine, and you may save some coin each day, and put the same in brine." The wise men sagely chew their cuds and hand us logic pure; but is there simpler fare than spuds, the stand-by of the poor? 'Tis not the farmer makes them dear; the grocer's not to blame; some fat and heartless profiteer is at his beastly game. Somewhere there is a middleman whose rake-off is a crime; the buyer is the also-ran who gets stung every time. Somewhere there is a scumore, somewhere a hempen rope; these crazy times will soon be o'er, and sense will come, I hope.

## Y. M. C. A. TO KEEP DOWNTOWN OFFICE

Reading and Recreation Rooms Will Not Be Maintained—New Building Later.

Directors of the Y. M. C. A., according to a statement made yesterday by Secretary J. S. Findley, have determined to temporarily cease general activities May 1, when the building is turned over to the Elks' lodge. An office will be maintained in a downtown building, but there will not be a reading room or assembly rooms, as was for a time planned. The local men are following the view of state officials in this regard. It was decided, therefore, that general activities shall be suspended until a modern building commensurate with local needs can be erected.

It is not the intention to begin a campaign for such a building at this time, but to undertake the project at a later date. Meanwhile the organization will remain intact and some lines of work will be continued. As already mentioned, the property at the corner of Fayette and West State streets was purchased by the association. It is not certain that the proposed building will be erected there, but that is a possible site. If, later, some other site is chosen, the West State street property can be sold.

## Matrimonial

Robbitt-Goveia.

E. V. Robbitt of Decatur and Miss Isabel M. Goveia of Jacksonville were united in marriage at Springfield, Ill. The Rev. Father Hicky of Springfield officiating.

The bride wore a dress of white satin and hat to match. She carried bridal roses.

Miss Goveia is the eldest daughter of Mr. and Mrs. Gus Goveia of North Prairie street. She is a charming young lady who by her sweet disposition won many friends.

E. V. Robbitt is the eldest son of Mr. and Mrs. A. V. Robbitt of Decatur, Ill. Mr. Robbitt is a young man and by his manner has won the friendship of his fellow-men.

Mr. and Mrs. Robbitt were accompanied to Springfield by Mr. and Mrs. Gus Goveia, brother and sister-in-law of the bride.

After a brief wedding trip they will make their home in Decatur and begin housekeeping at once in a home furnished by the groom.

Mr. and Mrs. Robbitt will have the best wishes of their many friends who will join in wishing them a long and happy married life.

## FATHER AND SONS BANQUET AT CHAPIN

## DR. BAKER AT HOME

Dr. E. F. Baker, who has been a patient at Our Savior's hospital for several weeks following a slight stroke of paralysis, was able to return to his home yesterday. Dr. Baker's condition is now so much improved that he is able to walk about and he feels almost as strong as before.

## TWO SUITS FILED

In the circuit court Jesse Bostick, by his attorney, Hugh Green, has filed a suit for divorce from his wife, Margaret Bostick. They were married in 1919 and the complainant charged his wife with infidelity. He asks for the custody of their infant child.

D. J. Staley is attorney for Pearl McDonald in a suit in assumpsit brought against George P. Birdsell. Only the praecipe has been filed and suggests damages in the sum of \$500.

## CONGREGATIONALISTS TO BUILD ADDITION

Added Facilities Will Be For Development of Religious Education Building Contract Let Thursday.

The contract was let yesterday to S. G. Chumley for an addition to the Congregational church building. The matter has been held in abeyance for a number of weeks, while some changes were being made in the plans. The changing costs of building materials since the plans were originally drawn made it necessary to make some alterations in details. Recently, however, the committee found the conditions satisfactory, and in accordance with the authority given by the church membership, the contract was let.

Mr. Chumley is to begin work at a comparatively early date and it is expected that the addition will be ready for occupancy at some date in the fall months. The addition will be at the north side of the present building and is designed especially for the development of the religious educational program of the church. On the first floor there will be a dining room and social rooms; on the second floor rooms for primary department, library, missionary society, the mid-week service and the pastor's study. The Camp Fire girls and the Boy Scouts will have headquarters on the third floor, and there will be still other rooms for work in connection with the religious educational program.

A steam heating apparatus will be installed below the present lecture room of the church and will provide heat for the present church building and for the addition. The church auditorium is to be redecorated. There will be a change in the lighting system and changes will be made at the main entrances to comply with building regulations.

The building committee which is acting for the church includes Earl M. Spink, chairman; H. L. Caldwell, R. P. Joy, A. D. Fairbank, Prof. B. H. Scott, Dr. C. E. Black, Rev. W. E. Collins, Dr. Grace Dewey, Mrs. M. H. Havenhill.

It was after careful consideration of the whole subject and consultation with higher church authorities that the program here was determined upon. The membership of the church feels that the best development will come thru the work for young people and the new facilities will make this possible. The building, as projected, will be a decided addition to the church facilities of Jacksonville.

## CANDIDATES FOR CIRCUIT JUDGE

An article in the Quincy Daily Herald, yesterday, mentioning those likely to be candidates for Circuit Judges in this district, stated that Judge Harry Higbee would not be a candidate for reelection. We understand this depends on whether or not the County Court System is adopted by the State Constitutional Convention. If this system is adopted he has said he did not expect to be a candidate, otherwise he will likely be a candidate for the appellate bench. The name of Attorney A. Clay Williams of this city, is mentioned among the possible candidates.—Pike County Democrat.

## THE CAUSE OF DISEASE

Modern science, which is always studying cause and effect, has demonstrated that disease in adults and improper development and sickness in children are the results of faulty nerve action due to spinal defects. The bones of the spine press on the nerves and interfere with the distribution of energy throughout the body. A correction of these defects restores uninterrupted nerve force and invariably results in the return of health.

CHIROPRACTIC  
(KI-RO-PRAK-TIC)

is the science that has demonstrated this connection between disease and defective spines. For years, and in the face of bitter criticism and strong opposition, Chiropractors have been adjusting the defects in spines to remove the cause of disease. Wonderful results have been obtained, even in cases that were considered incurable. Everywhere there are people who have been greatly helped by

## Deaths

**Fernandes.**  
M. G. Fernandes, a well known resident of Jacksonville, died at a local hospital at 9 o'clock Thursday morning. He had been

in failing health for some time. Deceased was born in the island of Madeira, May 16, 1849 and came to the state 67 years ago and his life since then has been spent in Jacksonville. He was united in marriage in this city to Miss Elizabeth Baptist, who survives, together with

the following children. Mrs. E. Pires, Erie, Pa., Mrs. John Hood Diverson, Mrs. Elizabeth Marks, Mrs. Sadie Goveia and Walter H. Fernandes, Jacksonville. He also leaves one brother and one sister, John Fernandes and Mrs. Vieira of this city. Mr. Fernandes was a member of Northminster church. He was a building contractor and for many years followed that business. He was a highly respected by all who knew him. He was also a member of the Masonic fraternity and of Urania Lodge No. 243 I. O. O. F. Funeral arrangements have not been made.

## Glover.

Word has been received of the death of Emerson F. Glover at the home of his nephew, Edward Higginson of Wichita, Kansas. The remains are expected here today and will be taken to the mortuary of John G. Reynolds.

Mr. Glover was a member of a well known family and was a brother of Rev. Livingston M. Glover, D. D., for many years pastor of what was then the First Presbyterian church. He was an uncle of Lyman B. Glover so well known in theatrical circles in Chicago as manager of the Eden Musee, for years dramatic and musical critic of the Daily Herald and later manager of the Majestic theater.

He was born in Michigan Jan. 24, 1838 and attended school a while in this city after which he returned to Michigan but came back and made this city his home. For a while he clerked for J. B. C. Smith, east side druggist and after leaving that place was for some years a partner with William B. Johnson, stoves and furniture, predecessors to the firm of Johnson, Hackett & Guthrie in the same location as now only in a building which was burned, making way for the more commodious and desirable structure on the same place. After the dissolution of the firm of Johnson & Glover, Mr. Glover engaged for a while with F. I. McDonald in the wholesale notion business by wagon and retiring from that he was not occupied with any other.

He was married to Miss Harriet Lane at Howell, Michigan, August 31, 1864. They had one adopted daughter, Lulu, who died while quite young. The family lived on the northeast corner of West College and South Diamond streets where Mrs. Glover died January 22, 1892. They had a niece, Miss Blanche Lane, who married a gentleman named Sheppard of the east part of the county and Mr. Glover made his home with them for a number of years here. He then went to North Dakota but latterly lived in Wichita.

The family were members of the Presbyterian church and he always active in all good works. He had a great many friends all over the city and was deservedly esteemed.

## Farm Bureau Notes

**Catchism on Pooling Wool.**  
Mr. Coffey, of the College of Agriculture, is the author of this pamphlet, which has just been published by the I. A. A. This pamphlet not only explains what a wool pool is, but shows the wool grower the probable grades of wool from the various breeds of sheep and what these various grades sold for last year. Further, there are given the facts about shrinkage that furnish a grower has not understood heretofore, as well as customs governing the sale of wool. A limited supply of these pamphlets are kept at the farm bureau office, where they will be handed out to interested parties, or they will be mailed anywhere on request.

**Twenty-Three Soil Types.**  
When the soil survey for Morgan county was completed, this farm bureau office was furnished a preliminary set of maps showing twenty-three defined types. On the upland prairie and brown silt loam, black silt loam on clay, black clay loam, brown gray silt loam on light clay. The upland timber soil includes yellow-gray silt loam, eroded yellow silt loam, deep loess or yellow-gary fine sandy loam, eroded yellow fine sandy loam and dune sand. In the terraces are yellow-gray silt loam and sand. Then follows mixed loam in the small stream bottoms, mixed loam due to the overflow of the Illinois river, yellow fine sandy loam washed from the bluffs, brown fine sandy loam, brown silt loam, brown sandy loam, black clay loam, sandy black clay loam, brown gray sandy loam on light clay, black clay loam, sandy black clay loam, brown gray silt loam on light clay, drab clay, and deep peat. It requires a knowledge of soil to distinguish these types, but they are all here. Some of the land in the Illinois river bottoms comes as near being ideal, when it comes to being worked, as any soil imaginable. The men who are farming that land know it value, too. A short time ago the writer asked one of the prosperous farmers how he valued his land at the foot of the bluffs. He said: "I could sell it for \$350 per acre, but it is not for sale." Occasionally we hear some man compare Morgan county land, unfavorably with that in other counties further east. In all probability Morgan county has some land that is as good as can be found in Illinois.

**Hessian Fly Coming Out.**  
An examination of a wheat field, near Woodson, Thursday, from the flax seed. Quite likely from the flax seed. Quite likely an examination of the badly infested fields elsewhere will show the same thing. If you have never seen an adult Hessian fly visit a badly infested field and you will undoubtedly find them. The windy weather makes it difficult for them to go from plant to plant, but they seem to be crawling along on the ground and clinging to the wheat plant.

## B. Y. P. U. GAVE MINSTREL SHOW

Entertainment Proved Most Enjoyable—Refreshments Served Following Program.

The B. Y. P. U. of the First Baptist church gave an entertainment last evening in the church basement. There was a good sized crowd present which was entertained by many local slams and jokes of the blackface comedians, and the vocal and instrumental selections of the other members of the cast.

The program was opened by a violin and banjo duet by Clarence John and Leon Connolly. This was followed by:

One Act Play—C. Antrobus, E. C. Rutherford, Marguerite Mayer and John Sprague.

Monologue—Leon Stewart.

Solo—B. F. Lane.

Stunts—Leon Stewart, Arthur Updegraff, E. C. Rutherford, Howard Filbrun, Elmo Galloway, Perry Corra.

Solo—Leon Connolly.

Trio—Bessie Thayer, Jannet Wallace and Helen Ayers.

Minstrels—Elmo Galloway, E. C. Rutherford, end men; Wayne Gard, Interlocutor; Perry Corra.

Byron Stewart, Leon Stewart, Arthur Updegraff, Howard Filbrun and C. Antrobus.

When the program was finished the young ladies of the Union sold pie, doughnuts and coffee.

The committee which had charge of the entertainment was E. C. Rutherford, chairman; Louis Guyette, Margaret Todd, Howard Filbrun and Wayne Gard.

## HIGH COURT OF FRANCE FINDS CAILLAUX GUILTY

(Continued From Page One.)

Caillaux was that of treason in having been engaged in intrigues tending to shake the solidarity of the allies and to bring about a premature and dishonorable peace with Germany.

Caillaux's political career began in 1899 when he became minister of finance in the Wlad-Roussau cabinet. He served until 1902. Later he was appointed to the same post by Premier Clemenceau, his chief accuser in the case just ended.

Caillaux held this office until June, 1911, when he became such a power in French politics that he was made premier. He resigned in January, 1912. In 1913 M. Caillaux became minister of finance in the Doumergue cabinet but the following year his wife, Madame Caillaux, shot and killed Gaston Calmette, editor of Figaro, actuated by the editor's bitter criticisms of her husband. Her trial ended in acquittal, but M. Caillaux withdrew from the post of finance minister.

In the trial of the ex-premier the defense maintained throughout that Caillaux had never been the champion of closer relations with Germany, but instead had championed the policy of "European conciliation."

## PALMER WINNER IN GEORGIA PRIMARIES

ATLANTA, Ga., April 22.—On the face of complete unofficial returns from the Democratic presidential primary compiled by The Atlanta Constitution, showing Attorney General Palmer in the lead. Chairman Flynt, of the state Democratic executive committee announced tonight that under primary rules he would appoint two Palmer delegates delegates from Williamson, the only county in which the polls were not opened. The Constitution returns gave Palmer 142 votes, Thomas Watson 32 and Senator Hoke Smith 110. The two additional votes would give Palmer 144, according to these returns, a plurality but not a majority in the convention which has 384 votes. Palmer supporters declared under primary regulations the candidate receiving the highest county vote should be given the Georgia delegate vote at the national convention. The complete popular vote as announced by The Atlanta Constitution tonight shows Watson, 51,974; Palmer, 48,460, and Smith 45,568.

## LARGE ATTENDANCE AT BURNETT FUNERAL

Impressive Services Held in Memory of Long Time Resident of the County.

Funeral services in memory of the late George W. Burnett were held at the family home a few miles north of Waverly Wednesday. The impressive service was in charge of Rev. Walter Mitchell. Hymns, favorites of the deceased were sung by two granddaughters, Misses Ollie and Helen Massie. Interment was at East Side cemetery in Waverly. At the grave Rev. Mr. Mitchell spoke the words of the committal service and Mrs. Barrows and Mrs. Shutt sang.

Mr. Burnett was one of the pioneer residents of the county, a man of fine character who wrought earnestly and well through all the years. The following tribute well sums up the facts about his earnest and useful life: George W. Burnett, son of Isham and Lucinda (VanWinkle)

Burnett was born near Franklin, Morgan Co., Ill., April 3rd, 1831, and died at his home four miles north of Waverly, April 19, 1920, aged 89 years and 15 days.

His parents came to Illinois from Kentucky in the fall of 1830. The winter following is known in Illinois history as the winter of the great snow. Those were pioneer days, the country was new; hardships were many; neighbors few and far between; modern conveniences unknown; deprivations such that life might be measured as much or more by what one lacked as by what was possessed. But such conditions tested the real worth and brought out and developed the strong qualities of genuine manhood and gave full play for initiative, independence, firmness, courage, perseverance and endurance.

In the school of adversity were learned the lessons of economy, thrift and foresight. The world has never produced any finer, nobler, more heroic souls than some of the men and women developed by the struggles of pioneer days. Into such a life the subject of our sketch was born. He shared its hardships, made use of its limited opportunities for education and preparation for life and developed out of it a strong life that reveals itself not only in success in farming or other business, but never fails to leave the impress of a strong personality on his own generation and those who follow.

The span of his life covers almost the entire period of modern invention and development. It practically coincides with the introduction and use of the steam and electric railway, the telegraph, telephone and the wireless. It extends from the use of the sickle and flail to the most improved harvester and thrasher, from the tallow dip and candle to the finest of lighting systems; from the spindle and fireplace hooks to the most modern time, labor and nerve saving inventions for home and farm and country. His life has seen practically all the wars in our country, including Civil and foreign wars those fought with Great Britain and in his passing we feel that one of the few remaining links has been removed which unites our modern life to the hardships and struggles of the early settlers which to many even now seem almost an unreal dream.

While deprived of the benefits of modern schools he made up for it largely by forming the habit of careful and extensive reading which custom he steadily maintained until a week before his death. This kept him young and fresh in thought and life and put him in sympathy with all the great problems of the present day.

He was modest and unassuming in spirit and life, and while he never sought office or preferment for himself, he was always

interested in all that affected the welfare of community or country, and always interested in all that affected the encourage and advance that which he believed to be for the general good. While never identifying himself with any church, few indeed were there even in the church who believed in its mission and value to the world more fully, contributed more readily and cheerfully to its supports or were more anxious for its continuance and advancement.

The church at Little York has always stood on his farm and to it he has always given his hearty encouragement and support. His home was ever the home of the preacher and he has known and entertained every preacher who served the Little York church and in the days of large circuits and extended quarterly meetings his home was always open to the members who came from a distance.

May 6, 1858, he was married to Miss Mary McCormack of Franklin, Ill. He took her to his home on the farm which his father gave him when he became of age where he lived continuously for sixty-eight years. To this union eight children were born, viz: Marshall, Everett, Oscar and Frederick, who live in the immediate vicinity of the home place, John, who resides at home, and Emma, Mrs. W. C. Calhoun, and Lucinda, Mrs. Massie, both of whom reside in Franklin, and Anna, who died in early childhood.

Mr. Burnett was one of a family of eleven, viz: James, Ransom, John, Mary, George, Byar, Roland, Joseph, Moses, Charity and Micajah, all of whom have passed away, but Joseph, who at the present time is very low at his home in Dighton, Kan.

He endeavored to be faithful in all the relations of life, but especially was this true of his home life. Few, indeed, are the men who thought, planned, labored, lived and loved for his family more than he, and it was a consolation in his last brief illness of ten days to have all of his children with him.

From the beginning of his illness he anticipated the final result, but assured his family that he was prepared and ready when the summons should come. His passing was calm and peaceful, like one who wraps the draperies of his conscious about him and lies down to pleasant dreams.

He leaves to share a common sorrow the companion of over sixty years of married life, seven children, three granddaughters, two grandsons, a host of relatives and a large circle of friends who knew and valued his sterling worth.

## ILLINOI LODGE WILL OBSERVE ANNIVERSARY

One Hundred and First Year of Odd Fellowship Will be Observed—First Lodge Formed in Alton.

Next Tuesday evening members of Illini Lodge, No. 4, I. O. O. F., their families and friends will observe the 101st anniversary of the founding of Odd Fellowship. The first lodge of Odd Fellows in this country was formed in the city of Baltimore, April 26, 1819 by Thomas Wilkey. The lodge was known as Washington Lodge, No. 1.

In 1835 Mr. Wilkey came west in search of new fields in which to plant the seeds of fraternity. He arrived in the city of Alton, where he founded two lodges. A third was instituted in Greenville, a fourth in Jacksonville and a fifth in Galena.

These lodges in 1835 exchanged the charter granted them by Wilkey for charters from the newly organized Grand Lodge of Illinois. Lodge No. 2 of Alton was consolidated with No. 1.

The original lodges instituted by the father of the order are still in a flourishing condition. Today Illinois can boast of being the third largest jurisdiction in the world with a membership of approximately 115,000.

### MARRIED RECENTLY IN KANSAS CITY

Miss Hattie Masters is Bride of Edward McDowd—Will Live on Farm.

The marriage of Edward McDowd and Miss Hattie Masters was solemnized in Kansas City recently. The young people were attended by Donald Nichols and Miss Lillie E. Sangster. The bride, Miss McDowd, wore a white satin gown with all over lace and her flowing veil of tulle was caught back with a handsome ornament. She carried a bouquet of bride's roses. Miss Sangster wore a blue satin dress and carried a bouquet of pink roses.

The wedding dinner was served at the home of Miss Sangster, where members of the wedding party and intimate relatives gathered. The various rooms of the home were handsomely decorated for the occasion, flowers and ferns being used with artistic effect.

The bride, who is daughter of Mr. and Mrs. Edward Masters, after attending the local schools took a course at the state normal and for two years was engaged as a teacher. Subsequently she studied nursing and has recently been a member of the Maplecrest

force of workers. She is altogether a capable and charming young woman.

Mr. McDowd's relatives are resident in Chicago but for several years he has lived in Morgan county and has been located on a farm near Strawn's crossing. There Mr. and Mrs. McDowd will make their home after their return to this county and will begin their married life under very auspicious circumstances.

### NEW BOARD MEMBERS TAKE OFFICIAL OATH

Were Sworn In at Special Meeting—Tax Levy Passed—President Names Committees.

Recently elected members of the Board of Education were given the oath of office at a special meeting of the board Thursday evening and immediately entered upon their duties.

The board also passed the tax levy which carries \$130,000 for general educational purposes and \$44,000 for buildings and repairs. President Lippincott also announced the committees for the ensuing year.

**The Proceedings.**  
The board with all members present except Member Parker; President J. P. Lippincott in the chair. The call for the meeting was read. The secretary of the board reported preparations for the recent election and announced the result. The newly elected members, Messrs. Caldwell Fiedler and Hopper were duly sworn in by the chair and took their seats.

The question of a secretary of the board was brought up. Mrs. Pierson said she was not an applicant for the place but that she understood she had been employed till the latter part of June. It would be well not to make a change until that time as the work of the year would then be completed and all could be turned over to the succeeding secretary. She then withdrew.

Member Fiedler was elected secretary with permission to nominate to the board a clerk and bookkeeper at a salary not exceeding \$27.50 a month to serve till the end of June.

Later the gentleman nominated Mrs. Mary E. Pierson for the position till the end of June and the same was confirmed.

Member Metcalf was made secretary pro tem.

The chair then announced the standing committees.

Finance—Rogerson, Black, Rapp.  
Buildings and supplies—Hopper, Muehlhausen and Caldwell.  
Teachers and courses of study—Metcalf, Duncan, Fiedler.

High school building committee—Black, Rogerson and Caldwell.

**Pass Tax Levy.**  
The board then made the tax levy for the ensuing year; \$130,000 educational purposes and \$44,000 for building and repairs.

It was explained that this was the first time this could be done as the action had to be deferred till after the spring election of new members. The sums named above are approximately two per cent for educational purposes and one-third of one per cent for buildings and repairs. Some allowance has to be made for shrinkage.

The president and secretary were then instructed to certify the levy to the township treasurer.

Then came up at once the all important matter of teachers' salaries and the finance committee was instructed to proceed at once to prepare a budget for the ensuing year and the board adjourned till Monday evening next at which time the report of the finance committee is to be heard and the teachers and supplies committee will confer regarding the increase that may be lawfully granted the teachers this year. The buildings and supplies committee will see what can be done for the custodians, that is janitors, etc.

The board named this early date for they desire to do all they can for the teachers in the matter of salary. They have the \$130,000 which is all they can get from taxation and the desire is to do the best they can for the instructors and custodians.

Adjourned till Monday evening.

### GAVE INSTRUCTIVE PROGRAM AT WAVERLY

One of the largest gatherings held in Waverly in a long time was that at the Bijou theatre Wednesday night. It was a Fordson night, the program being planned by H. J. Rodgers in connection with the Ford Motor Co. A concert was given by the Waverly band. Then came pictures "Keep the Boys on the Farm," and a talk by a representative of the company on "Power Farming."

The whole program was purposed to show the uses for motor power on the farm and along with these facts were others indicating what parents must do if they expect to interest their sons and keep them on the home farm. Altogether it was a very educational program and one that the people enjoyed.

### ATTENDED WOODSON

REVIVAL MEETING

T. M. Tomlinson, Rev. Walter Spoons and J. S. Findley went to Woodson last night and attended the meeting which the Presbyterian and Christian church are uniting in.

"Sunny Jim" Scofield preached another of his rousing sermons to a large audience. Mr. Tomlinson and Rev. Spoons also made short talks on the Inter-Church World Movement. Mr. Findley has charge of the No Man's Land part of the Movement in Morgan county. This is the special laymen's work outside of the church.

### WESTMINSTER GUILD

Westminster Guild will meet at 3 o'clock this afternoon with Mrs. J. W. Walton. Members are requested to please note the change in meeting place.

### Social Events

#### Hospital Aid Meeting.

The Passavant Hospital Aid Society held a meeting yesterday at the hospital. The linen has now been marked and since the beds have arrived the rooms will be put in shape in a short time. The Aid is planning to hold a reception some time next week but the plans have not yet been completed.

#### Circle No. 4

Baptist Aid.

Circle No. 4 of the Baptist Ladies Aid met yesterday afternoon. Mrs. L. B. Turner is chairman and Mrs. A. B. Williamson assistant chairman of the circle.

The meeting was the regular monthly meeting and the routine business was disposed of after which plans were made for a May Day market. The remainder of the afternoon was spent tacking carpets and making rugs. Delicious refreshments were served.

#### Topsy Turvy Social

At Ebenezer Church

A "Topsy Turvy" social was held at Ebenezer church Wednesday evening which proved a source of much merriment. Prizes for the funniest costumes were awarded to Miss Elsie Dewees and Clyde Cooper. Games and music provided the entertainment during several hours, and delicious refreshments were served.

The committee on arrangements included Misses Muriel Standley, Elsie Cully and Hazel James.

#### Woods Household Science Club Met

The Woodson Household Science club met Wednesday afternoon with Mrs. Edith Jones. There was an unusually large attendance of members and an interesting time was had by all. The program was as follows:

Roll Call—Remedies for removing stains.

Music—Mrs. Edith Jones.

Paper—"Scientific Housekeeping"—Mrs. Agnes Megginson.

Demonstration—Mrs. Bess Smith.

Paper—"The Old Fashioned Woman"—Mrs. Sherman Allen.

The meeting adjourned in the afternoon after delicious refreshments had been served. The next meeting will be held with Mrs. Sherman Allen.

#### Samuel Farmer Celebrates Birthday Anniversary

Samuel Farmer of Caldwell street celebrated the sixty-sixth anniversary of his birth Sunday, April 18. The children, grandchildren and great grandchild all were present and the day was a pleasant one for all. At noon a bountiful repast was served by Mrs. Angelo, housekeeper, and a large birthday cake with sixty-six candles thereon was the crowning feature. The dining room was prettily decorated, pink and white being the predominant colors used.

The ones present were Mr. and Mrs. H. B. Conner, Springfield; Mr. and Mrs. George Flinn, Jacksonville; Mr. and Mrs. Lloyd Flinn and son, Prentice; Mr. and Mrs. James Stout of Jacksonville, and Miss Coletta Brown, who makes her home with her grandfather, Mr. Farmer.

#### Pleasant Tea at School for Deaf

Me Eulalia Stults and Miss Ida Catherine Strupp of the School for the Deaf were hostesses from 3 to 4 p. m. Thursday at a springtime tea in honor of Mrs. E. L. Fernandes who is soon to leave to join her husband at their home in Wellington, Ill. The tea room was beautifully decorated with cut flowers, ferns and draperies. The small tables also carried out the color scheme. Selections on the Victrola were enjoyed during the hour. The guests included: Mrs. H. T. White, Mrs. L. Welch, Mrs. L. Kemp, Miss Grace Hasenstab, Miss Aileen Patton, Miss Virginia Walker, Miss Laura Carter, Miss M. W. Carter, Miss Blanche McCollom, Miss Verne Mulligan, Miss Edna Cash, Miss Abigail Eddings, Miss Ruby Perle Davis, Miss Theresa Rigg. The guests departed with all good wishes for Mrs. Fernandes.

#### Dr. and Mrs. Harker's

Annual Senior Dinner.

Dr. and Mrs. Harker entertained the Seniors of the Woman's College at a six o'clock dinner last evening.

The guests were received in the reception room and conducted to the president's apartments where an elegant five course dinner was served by members of the Junior class.

The rooms were attractively decorated in the class colors, yellow and white, with beautiful hand painted butterflies suspended from the ceiling.

Following the menu Miss Miller favored the assembly with a group of songs and Miss Powell read two selections.

Besides the Seniors, Miss Olive Austin, Dean, and Miss Mary Anderson, class adviser, together with the heads of the special departments were present as guests.

**SUPERVISORS ORGANIZE IN GREENE COUNTY**

Col. W. V. Rhodes of White Hall Elected Chairman of Supervisors—Other News from Greene County.

White Hall, April 21.—Col. W. V. Rhodes of White Hall, was elected chairman of the Greene county board of supervisors at the organization of the new board at Carrollton Monday. He named the following committees: Finance—J. F. Doyle, Wrights; G. F. Batty, Greenfield; C. R. Angel, Hillview. Miscellaneous—Tim Carmody, Carrollton; T. U. Converse, Rubicon; A. C. Howard, Walkerville. Pauper—W. C. Kelly, Linder; W. L. Williams, Kane; M. L. Davidson, Woodville.

Judiciary—John Jones, Roadhouse; J. Hutchens, Bluffdale; James Griffith, Athensville. Mr. Griffith was appointed sheriff to fill the unexpired term of J. A. Morrow, deceased. An election for a two year term will be held this fall, and Mr. Griffith will probably be the Democratic candidate without opposition.

Chairman Rhodes does not carry the title of colonel as a military, but as the customary appellation of an auctioneer. He comes from a family with a civil war history, his father and brother George serving in the 154th Pennsylvania infantry, the latter spending eleven months in Andersonville prison and both occupy honored soldier graves in this vicinity. Col. Rhodes was only a little over nineteen years of age when he came to Greene county in 1866 from Medford County, Penn. where he was born Sept. 14, 1846, and here he has since resided, spending thirty-eight years of the time as a resident of Wrights where he became prominent in politics, serving as a member of the 40th and 41st general assemblies and the special session under Governor Tanner from the old 36th senatorial district, now the 38th. He was a member of the agricultural and the visiting committees, and very few members of these bodies now survive. Mr. Rhodes delights to relate his legislative experiences to a large extent saying that some of it he does not say anything about. Tho a Democrat, he had a large personal friendship among the Republican members, and his splendid physique, being of the Stephen A. Douglas type and his chivalric characteristics made him a commanding figure. He farmed and conducted a mercantile business while a resident of Wrights and served that township as assessor and supervisor, four consecutive terms in the latter office. He also served as deputy sheriff.

In 1871 he and Miss Mary E. Batty, daughter of Rev. William Batty, were married, and they continued to reside at Wrights until 1904, since which time they have resided in White Hall. They have four sons and two daughters, one son, Clinton, dying fourteen years ago. Mrs. Rhodes' father was an old Free Methodist preacher. He died in 1884, and his funeral oration was delivered by Rev. Charles A. Crane, then a rather promising young Methodist preacher on the old White Hall circuit, and who became famed as a Methodist divine, being pastor of Plymouth Temple at Boston at the time of his death.

Col. Rhodes is now serving his second term as supervisor from White Hall, and in his 74th year never held the confidence of the public more largely than now.

H. S. Representatives Chosen. The White Hall community audience in the Princess theatre Monday evening to listen to the program of choosing representatives of the White Hall high school at the spring meets. Oration was awarded to Harley Crabtree, declamation to Edna Lawson, violin to Dorris English and piano to Lois Camm.

White Hall Farmer on Causes of Unrest.

A White Hall farmer, Lee Doyle by name, philosophizing on the causes of the present condition of unrest, attributes it to many diamonds, not enough alarm clocks; too many silk shirts and not enough blueannel ones, too many pointed-toed shoes and not enough squaretoed shoes, too many serge suits and not enough overalls, too much declamation and not enough aprons; too many satin upholstered limousines and not enough cows.

Too many consumers and not enough producers; too much oil stock and not enough savings accounts; too much envy of the results of hard work, and too little desire to emulate it; too many desiring short cuts to wealth, and too few willing to pay the price.

Too much of the spirit of "get while the getting is good," and not enough of the old-fashioned Christianity; too much discontent that vents itself in mere complaining, and too little real effort to remedy conditions; too much class consciousness, and too little common democracy and love of humanity.

## About Green Seal Batteries

Last week we told you how the batteries came to us and the process that they went thru till the battery was ready for the car.

You know that when you get something that you have to make yourself and watch it closely while doing it you know that you are going to have something that is worth while when you get through.

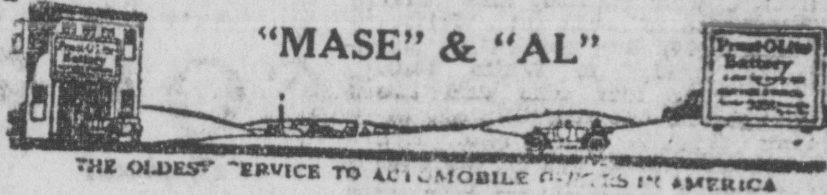

That is just the way of a Green Seal Battery; we get it absolutely dry, use our new bass wood separators (which by the way are the best separators that money can buy) proceed to build up the battery just like it would be made at the factory.

After it has been made up and assembled it is then ready for the charging table to be given its proper charge, which varies in different types of batteries. It remains on charge for not less than forty-eight hours and not more than fifty-two, then it is given what is called a cadmium test which indicates the voltage in each individual cell, if in perfect condition it is ready for market.

So you see you can't go wrong in buying a Green Seal Prest-O-Lite Battery. We claim to have the best service in the country and if you don't believe it come and see for yourself.

Don't get the mistaken idea that we can't overhaul, charge or repair any other battery but a Prest-O-Lite for we surely can do it to a Queen's Taste.

## "RED" HARMON STARTS FOOTBALL PRACTICE

Former Local Man Starts Santa Clara Proteges Working—San Francisco Paper Says He Has Good Material.

R. E. "Red" Harmon, former Illinois college star athlete and coach is getting ready to give the schools on the Pacific coast some trouble.

Harmon took charge of athletics at Santa Clara university last fall. The school had never played the American game and Harmon had his work cut out for him. However, the team made an excellent showing.

This year Harmon is not going to let anybody get the start on him. He has some fine material and has called the men out for the spring training stunts. Frank Maloney of the San Francisco Bulletin has the following to say of Harmon and his school.

From all appearances the Santa Clara eleven is going to give a lot of other teams considerable trouble next season. Yesterday Coach Robert Emmett Harmon hied his worthies and put them through their paces. Thus spring practice began with a squad of some eighty men.

Captain Manelli looks good. "Snowy" Baker, who takes care of left half, has put on considerable weight since last season and when he gets his mitts on the pigskin—oh my! Jim Needles, who besports himself at full, is another man who'd rather play football than eat. In fact, Spaulding of the Olympic club said that Santa Clara has one of the best pair of backs in these parts in these two men. George Ryan is one who can take care of either end or tackle.

Of course Harmon hasn't expressed himself as to the chances of his team, but he doesn't seem to be having the same trouble Andy Smith is said to have had. Neither is he overflying with optimism still, have you ever seen one of these coach persons who is?

In a couple of weeks the Santa Clara nine tangles bats with Stanford. The first of a series of three games will be played on the Cardinal diamond on Saturday, April 24. Then the following Wednesday the red and white team entertains their rivals at the Mission town. Should there be any need of a third contest, the Palo Altans will again have the honor of being the hosts on Saturday, the 31st.

### FAIL TO MAKE HONEST RETURNS

WASHINGTON, April 21.—Despite the government's war time appeal for tax payments as a patriotic duty, more than 200,000 firms and individuals failed to make honest returns under the revenue laws in the last two years the bureau of international revenue announced tonight. In six months drive, which ended February 1, \$19,051,000 in delinquent taxes were collected Commissioner Williams reported.

A new round-up of alleged delinquents has been instituted to cover the tax period on which returns were made March 15. Of the total delinquents 131,386 had not paid any income taxes and an additional 44,260 did not pay the full amount of taxes due. From these two sources approximately \$11,000,000 was collected.

Discovery was made also the report said, that 164,590 firms had not turned over to the government the entire amount of the so-called luxury taxes on sales and admissions. The delinquents were forced to make good the entire amount as well as pay a heavy penalty, Mr. Williams said.

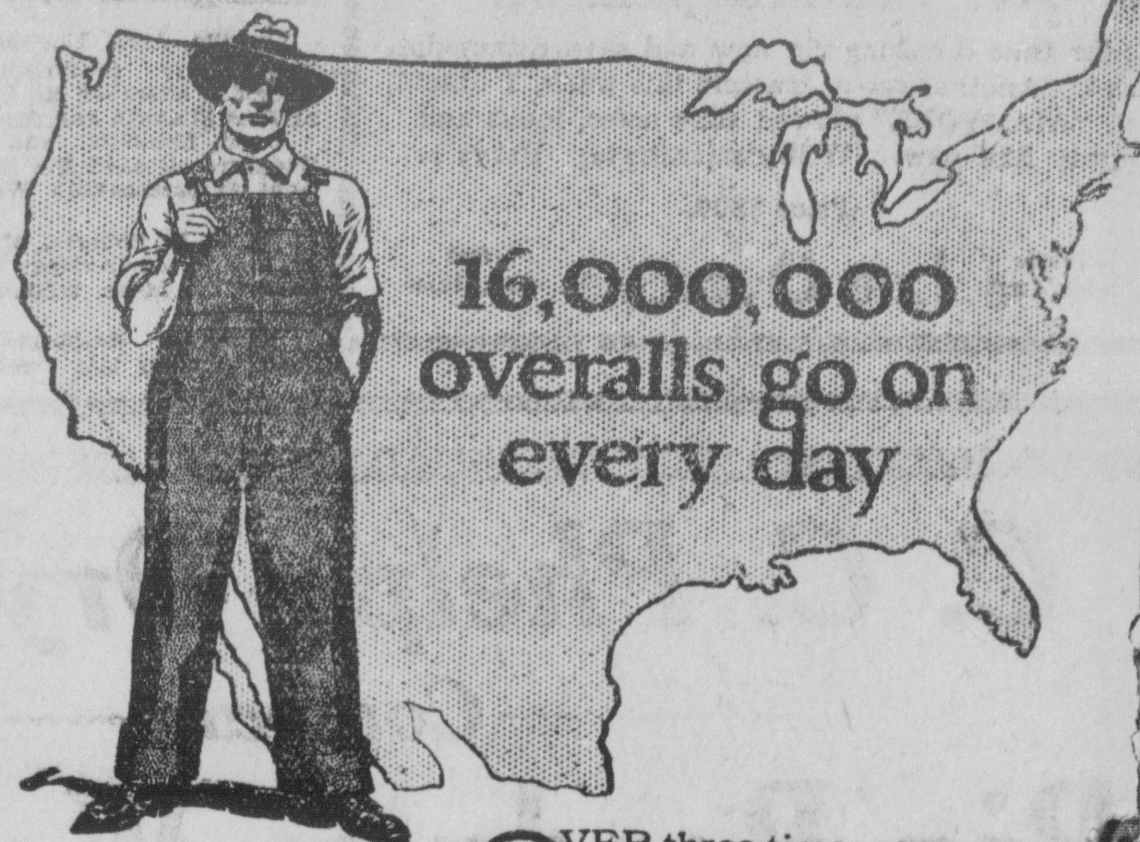

### NO AGREEMENT ON MANDATE FOR ARMENIA

Paris, April 21.—The supreme council has abandoned the idea of giving the mandate for Armenia to the league of nations as a result of objections raised by the council of the league and will ask neutral Norway and Sweden to help the Armenian people establish a free state, an international loan being floated to finance it, says a Havas despatch from San Remo. The despatch adds that the supreme council further decided to leave a settlement of the Cilicia and Syria question to negotiations between Great Britain and France.

16,000,000  
overalls go on  
every day

OVER three times as many men as Uncle Sam's great army during the war—that's how many Americans put on overalls every day.

16,000,000 men wear overalls in the United States.

And of these 16,000,000 more wear Blue Buckles than any other kind of overalls.

They all want overalls that well and fit easy—overalls that do not rip or bind.

Just this sort of wear and comfort comes with every pair of Blue Buckles. They're the toughest, longest-wearing denim it—with big double-stitched, rip-proof seams, heavy brass riveted buttons, and loops and pockets that won't come off. They are big and roomy, extra wide suspenders, big, convenient, reinforced pockets, and a solid back band that holds the shape and prevents ripping.

Ask for Blue Buckles the next time you buy overalls.

## Daily Market Report

### STOCKS RECOVER

#### LOST GROUND

New York, April 22.—The stock market recovered today much of the ground lost during yesterday's demoralized trading, despite the concerted effort to embolden short interest to effect further shrinkage of quoted values.

Prices were lower in the first hour after an irregular opening yesterday's losses but at midday the rally began, continuing with little interruption to the end, actual gains extending from 3 to 20 points.

Assurances received overnight from banking interests that local monetary conditions were fundamentally sound, were borne out by the easy rate for call loans, which ruled at 7 per cent through the session. The stocks that suffered greater depreciation yesterday were among the first to recover. General Motors, Crucible Steel and affiliated issues, as well as oils, equipments, textiles and the food group being the most conspicuous at the close. Sales amounted to 1,755,000 shares.

Foreign exchange was not a factor in the day's improvement, the rate on London reacting again with concurrent reversals in remittances to continental Europe. Reports of further gold exports to South America were received.

Total sales of bonds (par value) aggregated \$22,375,000.

### CORN RALLIES FROM NEW BREAKS

Chicago, April 22.—Although the corn market fluctuated widely today, plenty of buyers seemed to have regained poise in regard to financial conditions. The effort was to bring about quick rallies from every serious new break in corn values. Closing quotations however were unsettled, ranging from 1½c net decline to 1c advance, with May \$1.66½ to \$1.66½ and July \$1.58½ to \$1.59.

At the outset the corn trade was confronted with a big accumulation of overnight selling orders, and with a renewal of weakness in the New York stock market. During the consequent tumult when business began in the corn pit an extreme fall of 6 cents a bushel took place, with simultaneous dealings fully 3c apart among different sets of brokers. It soon grew apparent, however, that there was to be no further stampede and that many commission houses had turned to the buying side. This was especially the case after gossip became current that European demand for wheat and rye showed excellent volume. Late returns in Wall street quotations helped also to give relative strength to the corn market toward the end of the day.

Oats showed considerable independent power to rally. This was attributed to advices that seedling in some important sections was three weeks late. Severe declines in the hog market kept provisions mostly on the down grade. Lard touched the lowest prices yet this season.

## Corn Pain Stopped Quick

"Gets-It" Loosens Them So They Lift Off in A Jiffy.

The corn pains cease as soon as a few drops of "Gets-It" reach the corn. It goes out of the hurting business forever.

For a day or so the corn remains, getting looser and looser and without a twinge from it. Then, it gets so loose that you just lift it right off, without even feeling it, and cast it away. That's how easily and simply "Gets-It" disposes of the corn nuisance.

"Gets-It," the unfailing, guaranteed, moneyback corn remover, costs but a trifle at any drug store. M'd by S. Lawrence & Co., Chicago, sold in Jacksonville and recommended as the World's Best Corn Remedy by Armstrong's Drug Stores.

## Spring Is Here

Are you going to paint this year?

Did you ever stop to think what a coat of paint on your house or outbuilding would do for you?

It not only improves the looks of your buildings but it preserves the lumber from the weather.

How often have you driven by a place that was nicely painted and you commented upon the thrifty appearance of the property.

And while the old saying is "That clothes do not make the man" but in these latter years we all acknowledge that a well dressed man makes the best headway in this world, and so it is with your property, if it is well kept you will find that you have a higher standing in your neighborhood and among your associates.

We would call your attention that we have a full line of standard paints and oils for the interior as well as the exterior. Also a full line of brushes and painters' supplies, as well as a complete line of hardware, harness and farming implements.

There is a Difference in the Way the Liberty Rides and Drives

## Liberty Touring Car

The difference of the Liberty's riding and driving it not to be wondered at when one learns the steadfast quality of the car, which becomes more and more apparent as the miles roll up.

To this unmistakable worth, and also to the high order of designing displayed even in the very minor details, may be attributed qualities so divergent as the unusual comfort which the Liberty affords, and the uniform reasonableness in the cost of operation and upkeep. The car is one of the moderate weight in proportion to its size, amply powered, with a responsiveness and flexibility that are remarkable.

It is replete with features that have literally commanded the enthusiasm of Liberty owners. The upholstery is of genuine leather in the French pleated type, fitted over unexcelled special cushion springs. Plainly-marked side curtains are carried in a very accessible compartment back of the front seat. The steering wheel is of black walnut, properly corrugated around the inner surface. There are special top holders, horse-hair carpets in each compartment, a rear curtain light of beveled plate glass set in a heavily nickle-plated rim, and an equipment that is considered exceptionally complete.

## WHITE SOX TAKE FOURTH STRAIGHT

Defeat Detroit in Loosely Played Game by Score of 8 to 2 — Jackson's Batting Feature — "Babe" Ruth Injured in Practice — Other American League Games.

Detroit, April 22.—Detroit opened the home season in a loosely played game, which went to Chicago, 8 to 2.

The visitors took advantage of the wildness of the Detroit pitchers, bunching hits behind bases on balls. Leonard was driven from the box at the end of the fifth inning. Jackson's batting featured.

A capacity crowd witnessed the game.

### GRIP, INFLUENZA

Hamlin's Wizard Oil a Reliable, Antiseptic Preventive

During influenza epidemics spray the nose and throat several times a day with one part Wizard Oil and two parts water, using an atomizer. If you haven't an atomizer, gargle the throat and sniff the mixture up the throat. This treatment sets up an antiseptic wall of defense against "flu" germs.

Chest colds and sore throat lead to grip. Stop them at once with Wizard Oil before they can develop into dangerous influenza.

Get it from druggists for 30c. If not satisfied return the bottle and get your money back.

#### CHILD IS BURIED AT ARENZVILLE

Five-Year-Old Son of Mr. and Mrs. Harlen Postlewait Dies—Other Arenzville News Items.

Arenzville, April 22.—The death of Charles Treadway Postlewait, five-year-old son of Mr. and Mrs. Harlen Postlewait, occurred Friday, April 16, at Passavant hospital. The child was ill only two days, and from the first his condition was serious.

He is survived by his parents, one sister, his grandfather, Henry Treadway, and other relatives. The death of little Charles will mean a great loss to the family circle, but it will be a comfort to the bereaved ones to know that this sweet flower has been transplanted to attain its greatest beauty in the garden of Him who said, "Suffer little children to come unto me, and forbid them not, for of such is the kingdom of heaven."

The funeral was held at the

#### Natski Medicine Company TAKES DRASTIC ACTION

To Reduce the High Cost of Living

The Officers and Directors of the Natski Medicine Company, manufacturers of Natski Blood Purifier, have for sometime viewed with grave concern, the mounting costs of everything that enters into the lives of our people, not only for food, clothing, shoes, but also for those medicines that often are as necessary to the happiness and well being of many people, really offer more necessary, as it is essential that we must be free from physical pain and suffering in order to enjoy the other necessities of life.

Realizing all this, the Natski Medicine Company has, by improved methods of manufacturing their Blood Purifier, been able to reduce to some extent, the manufacturing cost, and have agreed to further benefit the public, by cutting their profit down to almost nothing.

Following out this idea, they have decided to sell to the Drug trade in the future Natski Blood Purifier, so that the users will be able to purchase the same for \$1.00 per bottle, plus 4c revenue stamp.

REMEMBER, the quality of our remedy will be kept up to its usual high standard and the purchaser will not be buying an 8 oz. bottle in a 16 oz. carton, but a full 12 oz. bottle of our medicine for the sum of \$1.00.

It is sold by your druggist, and if he does not keep it send direct to the Natski Medicine Co., who are always ready to serve you.

If you need a Spring tonic for the blood, if your appetite is gone, if you have rheumatic pains or any other blood diseases, get a bottle of this wonderful remedy without delay, and convince yourself that what it has done for others it will do for you.

Watch these columns and read what people say this remedy has done for them.
